

# Guidelines for Excellence Workshop- Professional Development for Nonformal Environmental Education Programs

**What?** Participants in this one-day workshop will investigate and learn how to use the North American Association for Environmental Education publication: *Nonformal Environmental Education Programs: Guidelines for Excellence*. These Guidelines offer a set of recommendations for developing and administering high quality environmental education programs.

**What you will receive?** Participants will receive a full day of training on the guidelines, lunch and a copy of the *Nonformal Environmental Education Programs: Guidelines for Excellence* publication.

## Workshop Objectives:

- To identify key characteristics of high-quality environmental education instructional materials;
- To describe age appropriate benchmarks for environmental literacy; and
- To assess your own level of preparation and need for professional development in environmental education

**Who should attend?** Environmental educators, administrators, or program developers who are concerned about the quality of environmental education programs

**When:** Friday, October 25<sup>th</sup>, 2019; 9:00am – 4:00pm
